

# IBM Z Xplore

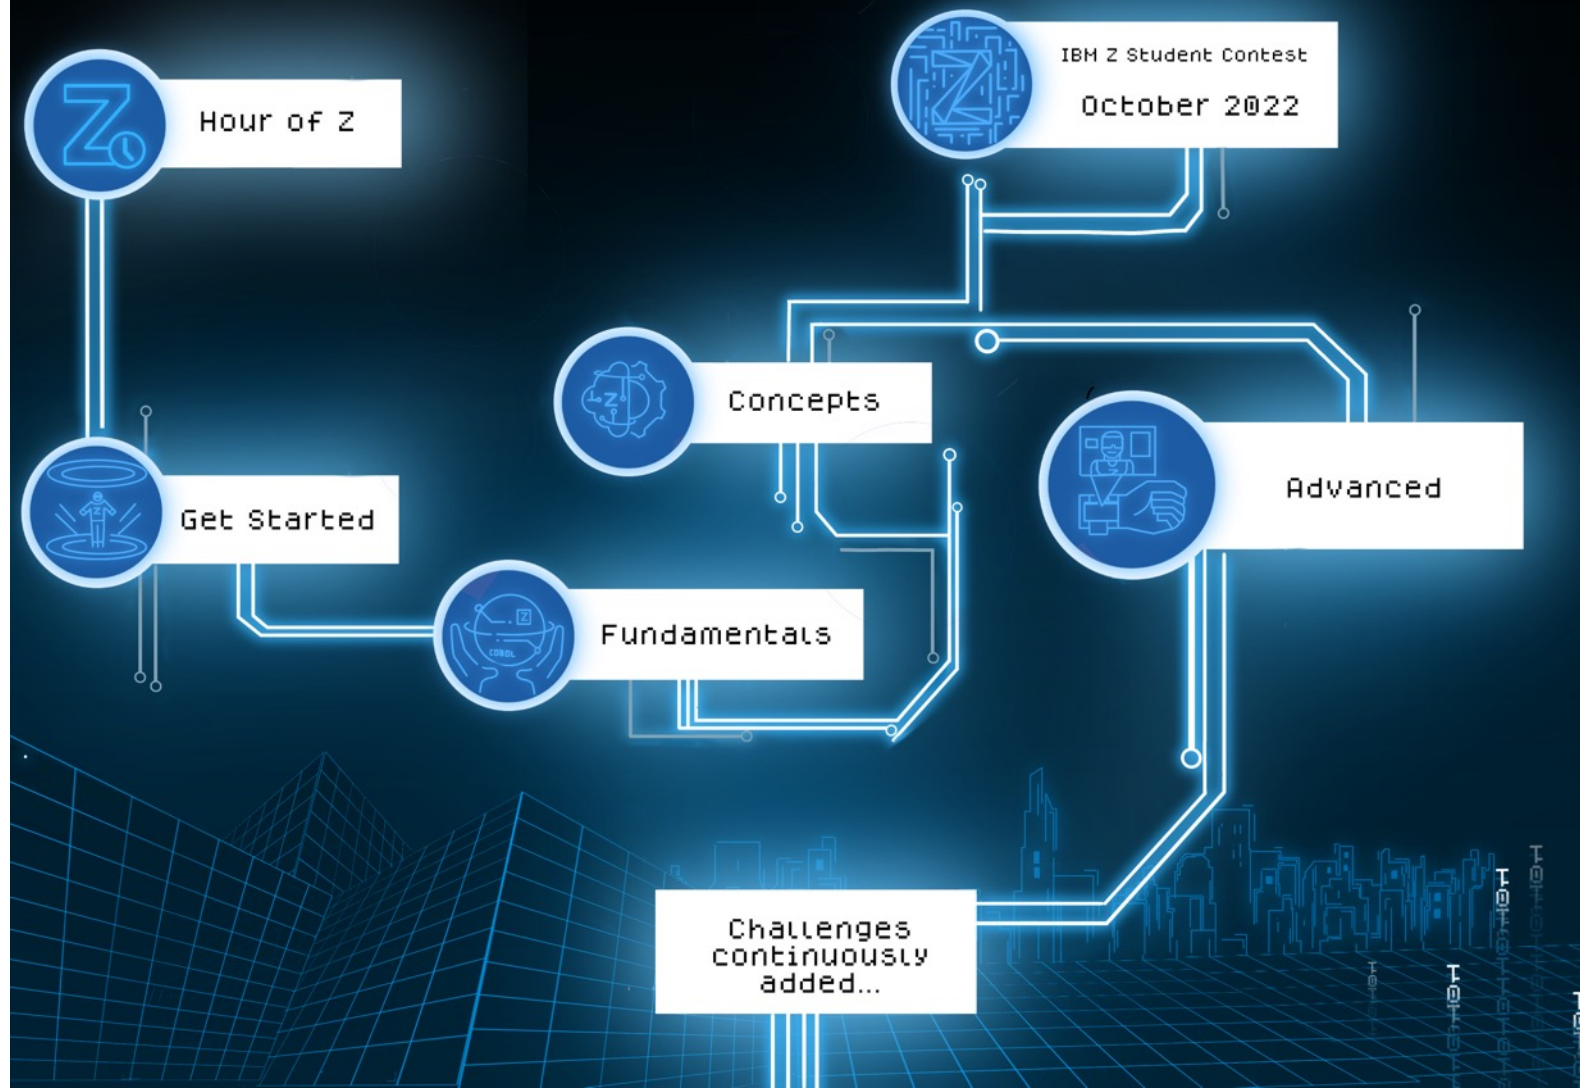

A new learning experience

IBM Z Xplore is a year-round interactive learning platform available for anyone to get hands-on experience across a variety of technologies, to develop valuable skills, and to earn industry recognized digital badges – with **no prior knowledge required!**

## You will find:

- Hands-on Challenges
  - Progressive learning paths
  - Direct access to Z environments
  - User community and leaderboard
  - Digital badging
- **Fundamentals:** Learn about data sets and how to use VS Code. Get introduced to coding languages such as JCL, Python, and USS through hands-on challenges.
  - **Concepts:** Get increased knowledge on security, uptime and enterprise scalability. Take a deeper look into subsystems, Db2 and RACF.
  - **Advanced:** Further your hands-on learning around REXX, COBOL, Linux, VSAM, JCL, Python, Db2 and more.

Register today: [ibm.biz/ibmz-xplore](https://ibm.biz/ibmz-xplore)

## IBM Z Xplore Concepts Badge

Students who earn this badge will be invited to an **exclusive** Global IBM Z Career Fair

## IBM Z Xplore Advanced Badge
